Dear Sir:-

I have been informed by one of our members that there was a medal issued and presented to Mr. John Wanamaker at the completion of his sixty years as a merchant. If there are copies of this medal, would it be possible that one could be had for this Museum which makes a specialty of all medals and medallion documents relating especially to this country?

Very truly yours,

Curator.

Gentlemen:

I have known Mr. H. C. Wyman off and on for 30 odd years. I have never heard that he was not responsible, and I think he is financially able to pay all bills that he might incur. He draws a salary and has also a private income.

Very truly yours,
